

Over ten million kids (and their parents) hope to have **something big** to smile about.

Senator Max Baucus recently voted in support of a groundbreaking bipartisan agreement that would have brought healthcare coverage to ten million kids. The new State Children's Health Insurance Program (SCHIP) would mean

immunizations and regular check-ups... the right start for a healthier life. Sadly, the President vetoed SCHIP and now it's up to Senator Baucus to vote to override the veto. Over ten million kids (and their parents) are counting on it.

**Thanks, Senator Baucus!
Now we need your help again.**
